

Michael Haykin- Work on the Water Supply List

Suggested Supplies

Six small (ish) canvases 12x 12, or 11x14 inches might be a good suggestion.

Paints (I use Winton oil colors)

Brushes (I use cheap bristle brushes because I paint hard, and ruin brushes quickly), I mostly use flats and brights in a range of sizes.

Terpenoid (I personally don't use added linseed oil)

Rags for cleaning brushes etc, (maybe paper towels too?)

Two "L" shaped pieces of cardboard to use as a "view finder"

Pencil

French easel or equivalent

Bucket for all your stuff that won't fit in your French easel

Hat

Water shoes (or sneakers you can wade in)

Change of clothes in case you fall in.

Bug spray

Sun screen

Lunch

Water

Camera (for recording site to use in the studio, if you want)

Plastic garbage bag might be useful

Umbrella for easel if you have this luxury item
