About the Exhibition Program

With four distinct exhibition spaces: Sanger Gallery, XOJ Gallery, Zabar Project Gallery and Zabar Lobby Gallery, The Studios presents just under 30 exhibitions each year across the three floors of our landmark art deco building at 533 Eaton Street in Key West.

Our goals for the exhibitions program at The Studios are to support artists producing excellent work, to foster a vibrant arts community in Key West, and to spark meaningful conversations. We present local, national and international artists, but generally only living ones. Although work can be (and typically is) for sale, it is not a requirement, and our commercial goals are secondary. We encourage proposals for exhibitions that might not otherwise find a venue in Key West, and/or address themes that resonate particularly in our island home.

Please note: There is typically a high level of competition for the Sanger Gallery, particularly in-season. These slots typically are filled by mid-career artists or curated group shows. In general, for all the galleries, there is more competition for in-season slots (January–April). Please keep this in mind when submitting your proposal.
